

FUEL PUMP CANOPY

the world's most efficient LED fixture

Overview

We incorporated the advanced technologies used in our other lighting products to bring you the best fuel pump canopy fixture. Experience true energy savings and reliability along with system efficiencies ranging from 120lm/w to 135lm/w, backed by LM-79 testing data. Now you can save energy without compromising brightness and with our five year warranty, you can put your mind at ease. We are the first to bring to you high CRI LEDs combined with diffuse light optics for use in a fuel pump canopy fixture and our models are rated IP66. Conforms to CE, PSE certified in Japan, KC listed in Korea, BSMI pending in Taiwan, ETL listed in US and Canada.

Features

- Superior efficacy: 120 ~ 135lm/w
- Class leading >85Ra CRI
- IP66 rated waterproofing
- Adjustable brightness levels
- Efficient heat dissipation
- 0.99 PFC @ 120v, <15% THD
- 5 year warranty

Advantages

- 50,000 hour life expectancy
- Instant power on
- No flickering or buzzing noise
- Environmentally friendly
- Easy installation
- Motion sensor optional

Specifications

Model	Rated Power	Luminous Flux	Available Optics
FPC-F	60w	7000~8000lm	Clear, Frosted
FPC-H	80w	9500~11000lm	Clear, Frosted
FPC-J	100w	12000~13500lm	Clear, Frosted
FPC-L	120w	14500~16500lm	Clear, Frosted

Available Color Temperatures:	4000K, 4500K, 5000K
Available Color Rendering Index:	85 Ra
Operating Temperature Range:	-22°F ~ 68°F -30°C ~ 20°C
IP Protection Rating:	IP66
Input Voltage Range:	90vAC ~ 305vAC
Input Frequency Range:	45Hz ~ 65Hz
Power Factor Range:	.90 PF ~ .99PF
Total Harmonic Distortion:	<15% THD
